

Strategic Energy Investment Advisory Board Written Comment Submission Form

Please read carefully.

Senate Bill 52 (2019) requires that the Maryland Energy Administration “shall hold at least four public meetings across the State... in the eastern, southern, central, and western parts of the State, respectively; and.. is encouraged to solicit input from all regions of the State...”

In an effort to “solicit input from all regions of the State”, the Maryland Energy Administration has created this form and a dedicated email address to receive those comments. Because the spirit of Senate Bill 52 recognizes the importance of geographic diversity in decision-making, this form must be completed in its entirety.

To submit a comment, please send an email to SEIFComments.MEA@maryland.gov with this completed form and any written comments, *each attached separately and in *.pdf format.*
